

Company Name: Clorox Purell ProCare

Product Name: Clorox Healthcare Quat Alcohol Disinfecting Wipes

Product Category: Cleaning Agents

Current Market Availability: Coming Soon (within 6 months)

Service / Support infrastructure: Direct manufacturer support

Product Description

Clorox Healthcare Quat Alcohol Disinfecting Wipes clean and disinfect hard, nonporous surfaces in one step, with a 1-minute contact time that is ideal for fast-paced healthcare environments. Developed to help address real-world workflow and compliance challenges, the wipes are designed to keep surfaces wet for the full contact time to help support compliant disinfection with just one wipe.

What makes your product innovative?

Nurses and care teams need disinfecting solutions that are easy to use compliantly and without extra steps, —like re-wiping surfaces to keep them wet for the required contact time or to remove residue from medical equipment—so they can get back to what matters most: patient care.

Clorox Healthcare Quat Alcohol Disinfecting wipes feature a patent-pending, triple-active formula of quat, alcohol, and citric acid that balances speed, efficacy, and ease of use. They are the only quat-alcohol based disinfecting wipes EPA-registered to kill both *C. auris* and norovirus in 1 minute and deliver a 2X faster contact time with 40% less alcohol than the leading healthcare disinfecting wipes.

* This combination of faster contact time with less alcohol helps surfaces wet for the full contact time, supporting compliant use and faster workflows.

* When compared to PDI Super-Sani Cloth

Please provide any applicable product specifications or technical details.

Kills pathogens in 1 minute on hard, nonporous surfaces*, including *C. auris*, Norovirus and MDROs, in 1 minute. † Provides a 2X faster contact time than the leading healthcare disinfecting wipe* and is formulated to keep surfaces wet for the full contact time. The wipes clean and disinfect in one step and are designed to support CDC, OSHA and infection control guidelines.

* When compared to PDI Super-Sani Cloth

† When used as directed on hard, nonporous surfaces

Product Name: Clorox Healthcare Quat Alcohol Disinfecting Wipes

Company Name: Hospeco Brands Group

Product Name: Hospeco EvoGreen All-Purpose Cleaner & Degreaser

Product Category: Cleaning Agents

Current Market Availability: Available now and ready to ship to customers

Service / Support infrastructure: Established network of authorized service providers in North America, direct manufacturer support

Product Description

EvoGreen All-Purpose Cleaner & Degreaser delivers professional-strength cleaning with a more environmentally responsible formula. It removes grease, grime and everyday soils while helping facilities reduce reliance on harsher chemicals. Use full strength or dilute up to 64:1 across floors, walls, equipment and other hard surfaces.

What makes your product innovative?

EvoGreen delivers more flexibility and value than many traditional cleaners/degreasers. Its broader dilution range, larger spray bottle, and concentrated formula give users more cleaning options from one product. The result is a cost-effective solution that can replace multiple cleaners while supporting more responsible chemical use.

Please provide any applicable product specifications or technical details.

Concentrated formula with dilution rates from full strength to 64:1. Suitable for concrete, natural stone, vinyl, sealed wood, linoleum and tile. Apply by spray, mop and bucket, pressure washer, auto scrubber or parts washer. Rinses clean without residue and is available from quart bottles through 275-gallon totes

Is your product sustainable / environmentally friendly? If so, please explain why below.

Yes. EvoGreen All-Purpose Cleaner & Degreaser is formulated without NPEs, caustics, phosphates, VOCs, or microplastics and uses biodegradable ingredients and plant-based components when possible. The formula and packaging are PFAS-free. Its concentrated, multi-use design also reduces chemical consumption, packaging, storage and transportation needs.

Product Name: Hospeco EvoGreen All-Purpose Cleaner & Degreaser

Company Name: Hospeco Brands Group

Product Name: Hospeco NuBlend Heavy-Duty Wipes

Product Category: Cleaning Agents

Current Market Availability: Available now and ready to ship to customers

Service / Support infrastructure: Established network of authorized service providers in North America, direct manufacturer support

Product Description

NuBlend™ Heavy-Duty Wipes deliver industrial-strength cleaning in a ready-to-use, oversized pre-saturated towel. The 10" x 15" wipe cuts through grease, oil, grime, adhesives, paint and other stubborn soils without mixing chemicals, filling spray bottles or carrying buckets and extra cleaning equipment.

What makes your product innovative?

NuBlend combines the cleaning power expected from traditional concentrate systems with the convenience of a portable flat pack. Its oversized, durable towel covers more surface in fewer passes, while the pre-saturated format eliminates dilution ratios, mixing stations, spray bottles, buckets and separate wiping materials.

Please provide any applicable product specifications or technical details.

Each 10" x 15" wipe features a durable, low-lint substrate designed to trap and lift grease, oil and industrial soils. The water-based, pH-neutral, low-foaming formula is alcohol-free, fragrance-free and contains lanolin. Safe for hands and non-porous surfaces including plastic, vinyl and metal.
