ACS
CLEANING PRODUCTS GROUP

A Premium Clean You Can Count On

ACS Cleaning Products Group is a global manufacturer of high-performance cleaning solutions. We combine advanced materials and industry expertise for foodservice and janitorial professionals worldwide.

Please contact cleaning@acsind.com to schedule your trial.

Diamond Edge Floor Pads

Diamond Edge is a revolutionary, chemical-free floor cleaning and polishing system. Its pads are infused with billions of microscopic diamonds that restore dull, worn floors to a clean, high shine. Available in a full range of grit levels. Ideal for use on concrete, terrazzo, and natural stone.

Trapmaster Disposable Dust Trapping Pads

TrapMaster won't shed fibers like other sheet dusters, making it ideal for healthcare and clean room environments. It's disposable and available in two widths and two lengths, with 6" perforations for easy, controlled use with your existing mop equipment.

WELCOME TO THE 2026 ISSA SHOW NORTH AMERICA

Welcome to ISSA Show North America 2026, the leading event for commercial cleaning and facilities services in the United States.

I'm frequently asked how much an event changes year to year when it's held in the same location. Well, I'm happy to share with you — it changes a lot.

Who's Here This Year

For our attendees, the exhibit floor is buzzing with fresh energy: 25% of the over 500 companies exhibiting at this year's show are here for the first time. Be sure to use the Mobile App/Event Platform to find these new exhibitors, schedule appointments, and discover the latest products and innovations.

For our exhibiting companies, attendance is up significantly over last year, with 36% of registered attendees never having attended an ISSA Show before. Our leading attendee categories continue to be distributors and building service contractors (BSCs). The BSC audience alone is up 13% over last year, and 37% of those attendees are first-timers. Even more notable is our facility services audience, which has grown 30% over last year — with an impressive 55% of those attendees experiencing ISSA Show for the very first time.

NEW for 2026

This year brings two exciting additions to the Show:

The Robotics Experience — this new area of the show floor features more than 40 companies showcasing autonomous cleaning and robotic technologies. The experience is brought to life through two real-world demo areas simulating commercial/retail and industrial environments, along with a dedicated demonstration theater running programming all day Tuesday and Wednesday. Check the Event Platform for the latest content and demonstration times.

The Reimagined Innovation Program — I hope you've already begun exploring the benefits of this refreshed program. Entries are available on the show website and Event Platform, complete with pre-show feedback from our judges — a great resource to help guide your path through the show. Join us Wednesday morning in the lobby for the announcement of this year's Innovation Program winners, then spend the rest of the day visiting the winning companies to learn more about their products firsthand.

Let's Connect

I'd love to hear about your experience at this year's show. Please stop by our Show Office in South Pacific J to say hello and share your thoughts — your feedback is invaluable in helping us continually improve.

Thank you for being here and enjoy every moment of ISSA Show North America 2026!

Very truly yours,

Ed Nichols
Show Director
ISSA Show North America

WELCOME TO ISSA SHOW NORTH AMERICA 2026

Dear Attendees,

Welcome to ISSA Show North America 2026! It's a pleasure to bring our industry together once again in Las Vegas for an exciting week of learning, innovation, and connection.

The cleaning and facility solutions industries continue to evolve, presenting new opportunities to innovate, strengthen our businesses, and demonstrate the essential role we play in creating healthier, safer, and more sustainable environments. As our industry advances, one thing remains constant: **our greatest strength is the people, partnerships, and shared commitment that move us forward.**

That's what makes ISSA Show North America so special. This is where our industry comes together to exchange ideas, discover new solutions, build meaningful relationships, and explore what's next. Whether you're here to experience the latest technologies, gain practical insights through education, strengthen business partnerships, or connect with fellow professionals, I encourage you to make the most of everything this year's Show has to offer.

At ISSA, we're equally focused on what happens beyond these few days. Throughout the year, we're working to advance our industry through education and certification, workforce development, advocacy, and opportunities that bring the industry together to build relationships and do business. **Our mission is to help you succeed, strengthen our industry, and collectively elevate the built environment.**

As you explore the Show, I invite you to experience **The ISSA Difference** firsthand at our Booth 2417. Connect with our team, learn about the resources and programs available to support your success, and discover new ways to engage with our growing industry community.

Thank you for being here and for the important work you do every day. Your passion, expertise, and commitment are what make this industry so great. I'm proud of what we're accomplishing together and excited about the opportunities ahead.

Enjoy the Show, make meaningful connections, and leave inspired by what's possible!

Warm regards,

Kim Althoff
Executive Director
ISSA – The Association for Cleaning & Facility Solutions

GENERAL INFORMATION

Registration
Sponsored By: ECOLAB

All attendees must register and obtain an official show badge.

Registration Location
All badges are printed on-site. Registration is in Hall A, Bayside Lobby. There is a badge reprint fee of $50 for lost badges.

All-Access Pass
The All-Access Pass is designed to provide attendees with the most value for the show experience. The pass includes all benefits of the Expo Only badge PLUS access to 110+ Education Sessions, Conference Kick-off, ISSA Show Welcome Reception, Hygieia Awards Reception and more!

Expo Only Badge
The Expo Only Pass grants attendees access to the show floor and all show floor features including show floor education in Solutions Theater, Sustainability Hub, and Robotics Experience Theater. Attendees can also attend the Hygieia Awards Reception.

Badge Color Designations
For easy identification, badges are color-coded based on show access type. See below for the breakdown of the colors and what they represent.

BADGE COLOR	BADGE TYPE
Blue	Exhibitor/Vendor Exhibit Hall Access
Yellow	Expo Only Access
Gray	Education All Access

Badge Pick Up
Badge Pick Up will be located at Main Registration, Hall A in Bayside Lobby. All show badges are printed on-site. Individual registrants will receive a barcode confirmation by email to bring to the on-site Registration Desk, either on their phone or on printed paper, to pick up their badge. Registrants who lose their confirmation must provide a valid ID to receive a badge. There is a badge reprint fee of $50 for lost badges.

Education
Enhance your commercial, institutional, and residential cleaning expertise through the curated roster of 110+ education sessions and workshops. Only registered for the Expo Only Pass? No worries. Stop by Registration to upgrade to the All-Access Pass or to purchase workshops à la carte.

First Aid
The First Aid office is located on Level 1, in the Bayside Lobby A Corridor (near FedEx and the MBCC Exhibitor Service Desk). An EMT will be on duty during move-in, show days, and move-out.

Information Desk
The Information Desk is located on Level 1 in the Bayside Lobby.

Lost & Found
Lost & Found is located at the Information Desk on Level 1.

GENERAL INFORMATION

Mobile App

Maximize your ISSA Show experience with the official app—your essential companion for connecting, planning, and discovering. Break the ice and forge valuable business relationships with our powerful networking feature, connecting you with industry professionals before, during, and after the show. Build a personalized schedule integrating sessions, exhibitor meetings, and networking appointments. Navigate confidently using our enhanced interactive floor plan with turn-by-turn directions to booths and meeting rooms. Discover cutting-edge products from the Robotics Experience and our enhanced Innovation Program. Download the ISSA Show app today in the App Store or Google Play, search for ISSA Show NA.

Mobility Services

Wheelchair and scooter rentals will be available for rent from the Mandalay Bay Bell Desk. Attendees will be responsible for picking up and coordinating their own rentals directly through Mandalay Bay.

Photography

Video or still photography of an exhibitor's booth is not allowed. Exceptions are the press and the official show photographer/video crew.

Business Center

FedEx is the official business center at the Mandalay Bay Convention Center. FedEx is located on Level 1, in the Bayside Lobby. See below for hours of operation:

DATE	HOURS
Monday - Friday	8:00 am - 6:00 pm
Saturday	9:00 am - 5:00 pm
Sunday	10:00 am - 4:00 pm

Coat & Bag Check

Coat & Bag Check will be located near the Mandalay Bay Wedding Chapel in the Bayside Lobby. Attendees will be charged $5 per item. Below are the hours it will be open:

DATE	HOURS
Monday, November 16	7:30 am - 5:00 pm
Tuesday, November 17	7:30 am - 5:30 pm
Wednesday, November 18	7:30 am - 5:30 pm
Thursday, November 19	7:30 am - 2:30 pm

Sales Office

Be sure to visit the ISSA Show Global Events Exhibit Sales Office in Booth #4476 to book space for ISSA Show North America in 2027 in Las Vegas, NV.

Sustainability & ESG Hub

Visit the Sustainability Hub on the show floor in Booth #1319

GENERAL INFORMATION

Smoking Policy

Smoking is not permitted in the exhibit hall, education session rooms, lobbies, or meeting spaces of the Mandalay Bay Convention Center. Las Vegas city ordinance permits smoking in casinos ONLY.

Unauthorized Solicitation

Solicitation of business by individuals who are not official exhibitors is not in the best interest of attendees or exhibitors and is strictly prohibited. Please report any such occurrence to an ISSA Show staff member or building security immediately.

Clean restrooms drive business

Poorly maintained restrooms shape the perception of a facility.

28% of people spend less time at facilities with poor restroom conditions[1], affecting tenant satisfaction and visitor experience.

Tork equipped restrooms help deliver quality and cleanliness through **high-capacity solutions, data-driven cleaning, and sustainable innovations.**

Visit us at ISSA Show North America Booth #3129

Better hygiene, better business

12:00 pm - 12:30 pm	Global Collegiate Sales Competition - Winners Announcements

ISSA SHOW NORTH AMERICA EXHIBITOR SPOTLIGHT Q&A

Think ahead.

Company: Tork, an Essity brand

Contact: Christine Fitzpatrick

Title: Brand Activation Manager

Website: https://www.torkglobal.com/us/en/about/press-and-news/issa

ISSA Booth #: 3129

Q1. Please explain how your company addresses current market needs and how you stand out from your competitors:

We believe better hygiene drives better business outcomes. Placing over six million dispensers annually, Tork helps organizations transform restrooms from operational challenges into competitive advantages. As one of the most important touchpoints in any facility, restrooms influence satisfaction and brand perception. Our solutions improve performance while delivering sustainable hygiene for all.

Q2. What way is your company incorporating AI/Tech Solutions into your growth strategy?

AI accelerates innovation across our value chain. We use AI to shorten product development timelines and optimize processes from procurement to sales. Our agentic AI solution improves data quality and procurement efficiency, enabling faster delivery of innovative sustainable hygiene solutions to customers.

Q3. How is your company planning to be more innovative in the next 5 years?

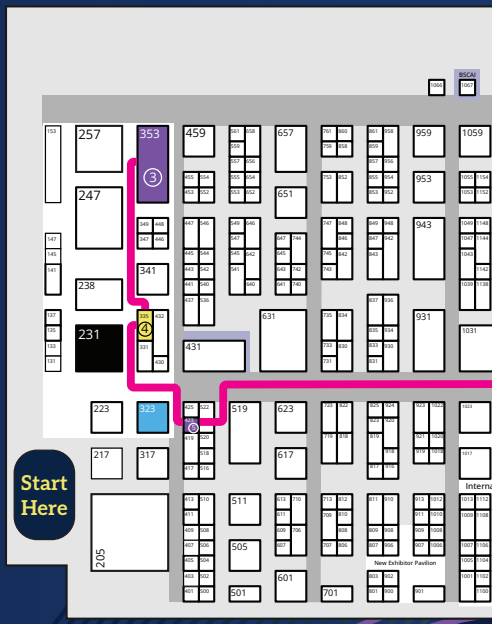

Sustainability drives Tork innovation. We transform paper and cardboard waste into premium hygiene products. With 92% recycled fiber and FSC certification for all fiber in North America, we're closing the waste loop and ensuring responsible sourcing. This circular approach helps facilities meet sustainability goals while delivering high-performing hygiene solutions for everyone.

Q4. What can visitors expect to see when they stop by your booth at ISSA Show North America?

Visitors will interact with Tork solutions and explore our wiping and cleaning station, demonstrating better cleaning across commercial, industrial, and food processing. Meet our experts to discuss solutions for your facility. Experience our sustainability showcase and discover how sustainable hygiene drives time, reputation, and experience.

Innovation Program ROADMAP

Use this roadmap to navigate the entire Innovation Program across the show floor. Demonstrations take place Tuesday morning and afternoon within exhibitor's booths.

**These demonstrations are taking place in the Robotics Experience Pavilion in Booth #231

Morning Demonstrations

10:30 AM	Tennant Co.**	323
10:40 AM	CRB Clean**	4072
11:00 AM	SiteVue AI	353
11:10 AM	Kongcrete Polishing & Maintenance System	335
11:20 AM	ToolSense	423
11:30 AM	Misco Products Corp.	1613
11:40 AM	Amano Pioneer Eclipse Corp.	2159

ISSA SHOW NORTH AMERICA EXHIBITOR SPOTLIGHT Q&A

SiteVue AI
See More. Solve More.

Company: SiteVue AI
Contact: Mike Kretsinger
Title: Director of Marketing
Website: www.sitevue.ai
ISSA Booth #: 353

Q1. Please explain how your company addresses current market needs and how you stand out from your competitors:

Only SiteVue AI wearable cameras with AI analysis provide real-time issue detection and correction to cleaners in the commercial cleaning industry. Our AI provides the standard operating procedures (SOPs) for each room, floor, and facility. Any missed task, step, or surface is instantly identified, alerting the cleaner before they leave the room.

Q2. What way is your company incorporating AI/Tech Solutions into your growth strategy?

SiteVue AI is an AI company. Everything we do is focused on leveraging AI to bring efficiency and greater profitability to the commercial cleaning industry. We currently manufacture fixed mounted and wearable cameras with real-time AI analysis. We are also developing cameras to be mounted on manned and autonomous cleaning equipment to provide visual evidence of the cleaning, and to identify the need, and initiate deployment when cleaning is needed.

Q3. How is your company planning to be more innovative in the next 5 years?

Our mission is focused on innovation, ensuring we are leveraging the latest technologies to give our customers a strategic edge in business.

Q4. What can visitors expect to see when they stop by your booth at ISSA Show North America?

They will be able to see our camera form factors: Fixed mounted cam, helmet cam, safety glasses cam, and uniform cam. They can also see demos of how our technology is being used in various facilities.

INNOVATION PROGRAM

Amano Pioneer Eclipse — Booth 2159

ACTiV-E Enzymatic Technology

Activ-E™ Enzymatic Technology floor coatings and daily cleaner are designed to finally offer a solution to fats, oils and grease that quickly compromise the floor coating. This revolutionary floor care system includes a proprietary, exclusive probiotic that attacks the problem at its source and protects the floor coating by removing the fats, oils, and grease when cleaned daily.

Canberra Corp — Booth 2831

ConnectClean

Canberra is about to change the way facilities manage cleaning chemicals. Our new connected system delivers verified dilution accuracy on every fill, takes the guesswork out of dispensing, and gives facility leaders less to store, less to manage, and real-time visibility into cleaning performance across every location. Be there for the live reveal at Booth #2831.

Clorox Purell ProCare — Booth 3627

Clorox Healthcare Quat Alcohol Disinfecting Wipes

Clorox Healthcare Quat Alcohol Disinfecting Wipes clean and disinfect hard, nonporous surfaces in one step, with a 1-minute contact time that is ideal for fast-paced healthcare environments. Developed to help address real-world workflow and compliance challenges, the wipes are designed to keep surfaces wet for the full contact time to help support compliant disinfection with just one wipe.

CRB Clean — Booth 4072

Manta Ray Cylindrical Carpet Cleaner with CoreFlow™ Technology

A breakthrough in carpet care: CoreFlow™, a patent-pending center-fed cylindrical system, delivers solution through the core and out perforations across the brush width. Liquid travels down each bristle, penetrating the carpet and creating in-situ foam inside the fibers. FoamLift™ expands within the pile, pulling soil away from the fibers and suspending it in the foam.

Gausium — Booth 2241

Marvel

Marvel is Gausium's autonomous sweep-scrub robot for warehouses, plants, garages and retail sites. Brushes deliver sweeping, scrubbing & optional polishing in one pass, no manual prep. 3D LiDAR +360° vision enables AI autonomous work amid forklifts. Large tanks,120Ah LFP & Self-Cleaning 2.0 support long unmanned cleaning. Optional display enables ads. It prioritizes data security and eco-design.

Hospeco Brands Group — Booth 3429

Hospeco NuBlend Heavy-Duty Wipes

NuBlend™ Heavy-Duty Wipes deliver industrial-strength cleaning in a ready-to-use, oversized pre-saturated towel. The 10" x 15" wipe cuts through grease, oil, grime, adhesives, paint and other stubborn soils without mixing chemicals, filling spray bottles or carrying buckets and extra cleaning equipment.

INNOVATION PROGRAM

Hospeco Brands Group — Booth 3429

Hospeco EvoGreen All-Purpose Cleaner & Degreaser

EvoGreen All-Purpose Cleaner & Degreaser delivers professional-strength cleaning with a more environmentally responsible formula. It removes grease, grime and everyday soils while helping facilities reduce reliance on harsher chemicals. Use full strength or dilute up to 64:1 across floors, walls, equipment and other hard surfaces.

Hydro, a PSG Brand — Booth 3523

EvoClean 3.0

EvoClean 3.0 is a Venturi-powered system that's revolutionizing commercial laundry. Built with an intuitive, adaptable design, it doses with industry-leading accuracy and is unaffected by variable site conditions. Featuring autocalibration, out-of-chemical detection, and decision-driving data through the Hydro Connect™ app, EvoClean 3.0 doesn't just improve operations—it redefines what intelligent dosing can achieve.

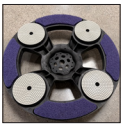

Kärcher — Booth 2147

KIRA

"Keeping facilities clean is hard work. With KIRA (Kärcher Intelligent Robotic Applications), you can easily automate daily scrubbing or daily vacuuming; and refocus your team on higher-value tasks.
Built for real-world environments, these next-generation autonomous scrubbers get the job done right with minimal supervision."

Kongcrete Polishing & Maintenance — Booth 335

KongCrete Pad Driver

Our concrete pad driver for autonomous and manual floor machines scrubs, maintains, and polishes concrete like no other pad driver on the market, removing deep stains and acid etching. Compact 5" high-quality phenolic hybrid diamond tooling, pads, and brush options snap in and out without removing the driver, delivering even pressure, consistent results, and faster daily maintenance.

MISCO Products Corporation — Booth 1613

Infinity Hand Care

Infinity Hand Care delivers a premium hand care experience with high-end formulations and beautifully designed packaging, bringing national-brand aesthetics and quality to professional facilities without the premium cost. Its private-brand approach allows distributors and customers to offer a sophisticated hand care program while strengthening and growing their own brand identity.

Nilfisk — Booth 3243

VP25

The Nilfisk VP25 is an autonomous robotic vacuum that delivers consistent, high-performance cleaning in large commercial spaces. Designed for both hard floors and carpet, it uses advanced navigation, LiDAR, depth cameras, sonar, and a dual-brush system to clean efficiently while avoiding obstacles. HEPA filtration improves air quality, and automation frees staff for higher-value tasks.

INNOVATION PROGRAM

SiteVue AI — Booth 353

Safety Glasses with Real-Time AI Analysis

"SiteVue's Safety Glasses Camera with real-time AI analysis ensure SOPs are completed by cleaners before they leave the room. Watch our demo video with digital twin of a restroom showing our camera in action. https://bathroom-sop.demos.sitevue.ai/

Save 8-12% on Cleaner Productivity, 20-30% on Supervision & QA, 40-60% on Rework & Callbacks, 30-50% on Training & Onboarding, and 5-10% on Supplies."

Spartan Chemical Co., Inc. — Booth 3043

CompuSan™

CompuSan™ is a cloud-based, sanitation management platform that replaces paper and spreadsheets with a clear, real-time electronic record of sanitation activity. For food safety quality assurance (FSQA) and sanitation managers, CompuSan puts the planning, tracking and documentation of all sanitation activity in the palm of your hand.

Tennant Company — Booth 323

X2 ROVR SCRUB

The X2 ROVR SCRUB is an autonomous floor scrubber designed for small, high-traffic spaces. Its compact design and intelligent navigation deliver consistent cleaning in dynamic environments, while the X2 Dock RFSH™ automates charging, clean-water refills, recovered-water disposal, and chemical dilution, creating a true low-touch cleaning experience and enabling cleaning teams to focus on higher-value facility tasks.

ToolSense — Booth 423

ToolSense Asset Operations Platform

ToolSense Asset Operations Platform connects all cleaning machines and robots of every brand in one place. It centralizes data, reporting and alarms and runs full maintenance management: QR problem reporting, ticketing, preventive maintenance, supplier and SLA management. AI Support Manager helps cleaners fix issues in their language; AI Fleet Assistant uses IoT data to improve utilization and rightsize the fleet.

Tornado Industries — Booth 2409

BR 13/2 Compact Cylindrical Scrubber

The BR 13/2 Compact Cylindrical Scrubber is a battery-powered solution built for narrow areas and floors that need a deeper clean. Its dual cylindrical brushes deliver powerful scrubbing on challenging surfaces, including textured floors, grout lines and rubber mats. Its 13" cleaning path and low 14" head height also allow it to clean in tight spaces and beneath low-clearance objects that most scrubbers can't access.

UNGER — Booth 3267

CleanRx™ Janitorial Cleaning Cart

CleanRx™ is a modular janitorial cart carrying a full floor care kit in one trip. Its base holds a backpack vacuum, dual mop bucket (Unger or others), or 32-gal waste container. Lockable cabinets offer secure storage. Up to 14 holders fit various sized tools, plus an upright vacuum mount. Quiet, non-marking casters roll from carpet to hard floor. With tools, trash, and storage on board, it avoids supply closet trips.

INNOVATION PROGRAM

VIGGO Booth 4266

VIGGO SC50ProPlus

VIGGO SC50 Pro Plus is a mid-size commercial cleaning robot for parking garages, transit hubs, commercial properties, industrial facilities, and warehouses. It integrates scrubbing, sweeping, vacuuming, and dust mopping, with 46 kg brush pressure, a 500 mm cleaning path, and 1,800 m²/h productivity. It supports 6 cm obstacle crossing, 8° climbing, and autonomous operation in dynamic environments.

VIGGO Booth 4266

VIGGO Mix1Pro

VIGGOMix1Pro is a compact commercial cleaning robot for offices, healthcare, hotels, and schools. It integrates scrubbing, sweeping, vacuuming, dust mopping, and disinfection with adaptive cleaning modes. It delivers a 520 mm cleaning path, 1,197 m²/h productivity, and 13 kg brush-to-floor contact pressure. Its 569 mm low-profile design enables quiet operation below 45 dB for dust mopping and 55 dB for scrubbing.

Simplehuman Booth 3759

Hand Towel Dispenser

Built for home or high-traffic commercial spaces, this solid steel multifold paper towel dispenser delivers clean, one-at-a-time dispensing. Refilling is effortless with a top lift-off lid instead of awkward side loading. Features smart status tracking via the Simplehuman app and up to 5 years of battery life.

FEATURED EXHIBITORS

LEGEND

Platinum Sponsor | Gold Sponsor | Silver Sponsor | Bronze Sponsor

American Dish Service

American Dish Service is a Kanasas City - area manufacturer specializing in commercial dishwashers, known for durable, efficient, reliability. For over 75 years, ADS has delivered quality, purpose driven solutions for restaurants and foodservice operations.

Imperial Brady

Imperial Brady is a leading North American distributor and solutions provider for cleaning and facility care, foodservice, and packaging. We deliver the Supplies + Support to make every touchpoint a plus.

Clorox Purell ProCare

Backed by more than 180 years of combined innovation and powerhouse brands like Clorox and Purell, Clorox Purell ProCare is the undisputed professional hygiene leader. From trusted surface cleaners and disinfectants to proven hand hygiene solutions, our industry-leading portfolio delivers total protection without compromise.

Nilfisk

Nilfisk, founded in 1906, is a global leader in professional cleaning equipment and services. As part of Freudenberg Home and Cleaning Solutions, it serves professionals worldwide offering consumer floorcare, vacuum, and high-pressure washer products.

Ecolab, Inc.

Ecolab delivers cleaning, hygiene and facility solutions that help customers create healthier spaces, improve efficiency and reduce waste. Backed by industry-leading expertise, training and support, our solutions are trusted by BSCs, distributors and facilities worldwide.

Rubbermaid Commercial Products

Headquartered in Huntersville, North Carolina, Rubbermaid Commercial Products (RCP) is a manufacturer of innovative, solution-based products that support the hard workers who keep the world working in commercial and institutional markets worldwide.

FEATURED EXHIBITORS

Spartan Chemical Co., Inc.

Spartan Chemical is a leading manufacturer of speciality chemical products, offering high-quality chemistry, dosing and facility management solutions. From tools to training, Spartan's solutions ensure consistently clean and safe facilities for occupants and cleaning staff.

Sunbelt Rentals

Sunbelt Rentals helps facility maintenance professionals keep facilities pristine with innovative equipment solutions, including autonomous scrubbers, drone technology, aerial lifts, power generation, climate control, air movers, restoration equipment, and more, backed by 24/7 expert support.

Staples Business

Staples Business is one of the largest providers of professional cleaning and janitorial solutions. Visit Booth 3213 to learn how our experts, products, and supply chain can help improve efficiency while keeping operations running smoothly.

Tennant Co.

Tennant Company is a global leader in robotic cleaning solutions. Backed by the industry's most extensive global service network, Tennant helps organizations improve cleaning performance, efficiency, and consistency. Learn more at www.tennantrobotics.com.

Think ahead.

Tork, an Essity brand

Tork, an Essity brand, delivers sustainable hygiene products and data-driven cleaning solutions in over 110 countries, helping healthcare, office, manufacturing and foodservice businesses improve hygiene, efficiency and customer experiences.
